INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Aldermen
City of Kearney, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Kearney, as of and for the year ended March 31, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of

significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the City of Kearney, as of March 31, 2017, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Kearney's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statement. The combining and individual fund *financial statements and schedules are the responsibility of management and were derived* from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated September 6, 2017, on our consideration of the City of Kearney's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grand agreements and other matters. The purpose of that report is to describe

the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Kearney's internal control over financial reporting and compliance.

BASIC FINANCIAL STATEMENTS

The basic financial statements include integrated sets of financial statements as required by GASB. The sets of statements include:

- Government-wide Financial Statements
- Fund Financial Statements
 - Governmental Funds
 - Agency Funds
- Proprietary Funds

In addition, the notes to basic financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

CITY OF KEARNEY, MISSOURI
Reconciliation of the Balance Sheet -
Governmental Funds to the Statement of Net Position
March 31, 2017

Amounts reported for governmental activities in the Statement of Net Position are difference because:

Ending Fund Balances - Total Governmental Funds	\$ 4,605,539
---	--------------

Governmental funds report capital outlays as expenditures. However, in the Statement of Net Position, the cost of those assets is capitalized and shown at cost, net of accumulated depreciation. This is the amount of net capital assets reported in the Statement of Net Position.	10,683,717
---	------------

Certain revenues are not available to pay for current period expenditures and, therefore, are reported as unavailable revenues in the governmental funds.	500,814
---	---------

Long-term liabilities, including bonds and notes payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds. This amount includes the following long-term liabilities and related items:

Accrued Interest Payable	(18,306)
Long-term Liabilities	(10,103,229)

GASB 68 entries related to recording net pension liability/asset:

Deferred Outflows - Difference in Actuarial Assumptions	68,227
Deferred Outflows - Excess Investment Return	149,942
Deferred Outflows - Contributions Subsequent to Measurement Date	125,416
Net Pension Liability	(29,411)
Deferred Inflows - Difference Between Expected and Actual Experience	(20,147)

Total Net Position of Governmental Activities	<u>\$ 5,962,562</u>
---	---------------------

See accompanying notes to the basic financial statements.

See accompanying notes to the basic financial statements.

CITY OF KEARNEY, MISSOURI
Reconciliation of the Statement of Revenues, Expenditures
and Changes in Fund Balances -
Governmental Funds to the Statement of Activities
For the Year Ended March 31, 2017

Amounts reported for governmental activities in the Statement of Activities
are difference because:

Net Change in Fund Balances - Total Governmental Funds \$ (2,131,042)

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities, the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense. This is the amount by which
capital outlays exceeded depreciation in the current period.

Capital Outlay	2,831,999
Depreciation Expense	(442,204)

Revenues in the Statement of Activities that do not provide current financial
resources are not reported as revenues in the funds.

Change in deferred inflows of resources	(52,259)
---	----------

The issuance of long-term debt (e.g. bonds, leases) provides current financial
resources to governmental funds, while the repayment of the principal of long-
term debt consumes the current financial resources of governmental funds.
Neither transaction has any effect on net position. This amount is the net effect
of these differences in the treatment of long-term debt and related items.

Principal Payments on Bonds and Leases	670,545
Change in Accrued Interest Payable	(4,709)

Some expenses reported in the Statement of Activities do not require the use of
current financial resources and, therefore, are not reported as expenditures in
governmental funds.

Change in accrued compensated absences	(72,007)
--	----------

GASB 68 entries related to recording net pension expense/income:

Current year net pension income activity	(549,796)
--	-----------

Change in Net Position of Governmental Activities	\$ 250,527
---	------------

See accompanying notes to the basic financial statements.

NOTES TO BASIC FINANCIAL STATEMENTS

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Kearney, Missouri, was incorporated in 1883 and covers an area of approximately twelve square miles in Clay County, Missouri. The City is a city of the fourth class and operates under the Mayor - Administrator - Aldermen form of government. The City Administrator is the chief administrative assistant to the Mayor of the City. The City provides services to more than 9,790 (U.S. Census Estimate, July 2016) residents, including law enforcement, parks and recreation, street and storm water maintenance, water and sewer services, community enrichment and development, and various social services. Kearney School District No. 21, a separate governmental entity, provides educational services.

The accounting and reporting policies of the City conform to generally accepted accounting principles (GAAP) in the United States of America applicable to local governments. The following represent the more significant accounting and reporting policies and practices of the City.

Financial Reporting Entity

The City's financial reporting entity is comprised of the following:

Primary Government: City of Kearney, Missouri

The following component unit is blended in the City's basic financial statements:

Tax Increment Financing Commission of Kearney, Missouri (Commission) is governed by an eleven-member board of which six members are appointed by the Board of Aldermen. The remaining members are appointed by the respective taxing districts' boards. Although it is legally separate from the City, the Commission is reported as if it were part of the primary government because its sole function is to review proposed TIF plans and provide recommendations to the City Council for the use of TIF as a method to finance economic activity and infrastructure improvements through payments in lieu of taxes and economic activities taxes. The Commission's activities are reported in TIF Fund.

Basis of Presentation

Governmental-wide Financial Statements

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and fiduciary funds. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

The following are the City's major governmental funds:

General Fund – Is used to account for the general operations of the City and all unrestricted revenues and expenditures not required to be accounted for in other funds.

Highway Construction Fund – accounts for resources used for the acquisition and/or construction of highway and street capital projects.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

General Obligation Bond Debt Service Fund - accounts for the resources used to pay the debt service requirements of the City's Series 2005 general obligation bonds.

Agency Funds

Agency funds account for assets held by the City in a purely custodial capacity. The reporting entity includes three agency funds. Since agency funds are custodial in nature, (i.e., assets equal liabilities) they do not involve the measurement of results of operations. The agency fund is as follows:

Kearney Road District	Funds are received from the county and disbursed by the Kearney Road District for road improvements in the District. The Road District contracts with the City of Kearney for street maintenance projects.
Westside Community Improvement District	Funds are received and disbursed in a geographic area designated for improvements.
Shoppers at Kearney Community Improvement District	Funds are received and disbursed in a geographic area designated for improvements.

Capital Project Funds

Capital project funds are used to account for resources restricted for the acquisition or construction of specific capital projects or items. The reporting entity includes the following capital project fund:

Capital Improvements	Accounts for contributions and specific transfers from the General Fund and expenditures for various capital projects as the City Council may designate. This fund is classified as a major fund.
Special Revenue	The Special Revenue Fund of the City receives sales tax for special purposes (Debt Service, General Fund and the Water and Sewer Fund) and then transfers these funds for their designated purposes.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Proprietary Funds

Proprietary funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following enterprise fund:

Water and Sewer	Accounts for the activities of the public trust in providing water, wastewater and sanitation services to the public.
-----------------	---

Measurement Focus

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

In the government-wide Statement of Net Position and the Statement of Activities governmental activities are presented using the economic resources measurement and the accrual basis of accounting.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of a period.

Basis of Accounting

Government Funds

All government funds are presented using a modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which the fund liability is incurred, if measurable.

Business Activities – Water and Sewer Fund

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Accrual Basis - Revenue is recognized when earned or billed to the customer. Expenses (including depreciation and amortization) are recorded when the liability was incurred or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange took place.

ASSETS, LIABILITIES AND EQUITY

Cash and Cash Equivalents

For the purpose of financial reporting, “cash and cash equivalents” includes all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of one year or less.

Investments – Government Securities

Investments classified in the financial statements consist entirely of government securities. Investments are carried at the market value at year end and are held in escrow connected with debt service accounts.

Accounts Receivable

Accounts receivable consist primarily of sales of water, sewer and solid waste services. The City has not set up an allowance for doubtful accounts, as any amounts not collected are not material. An estimated amount has been recorded for services rendered, but not yet billed, as of the close of the fiscal year.

Capital Assets

The accounting treatment of property, plant and equipment (capital assets) depends on whether the assets are used in governmental fund operations, whether they are reported in the government-wide or fund financial statements or whether they are used in the proprietary fund statement.

In accordance with GASB Statement No. 34, the City has reported all capital assets including infrastructure in the Government-wide Statement of Net Assets. The City elected to use the “modified approach” as defined by GASB Statement No., 34 for

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Capital Assets - Continued

infrastructure reporting these assets. Infrastructure assets include streets, bridges, storm water system, fire hydrants, street lighting and a portion of the indirect costs of the water-sewer system. The infrastructure assets recorded since GASB Statement No. 34's implementation effective April 1, 2004, were for Highway 33, Bennett Boulevard and Watson Drive. All other capital assets were reported using the basic approach whereby accumulated depreciation and depreciation expense have been recorded. The following table presents summary information on the useful lives of all capital assets.

Buildings	40-50 years
Improvements Other than Buildings	10-25 years
Machinery, Furniture and Equipment	3-20 years
Utility Property and Improvements	10-50 years

The City has elected to delay the implementation of the retroactive reporting of infrastructure as provided by GASB No. 34. Because of the City's size, retroactive reporting of infrastructure assets is not required. The City may decide to implement retroactive reporting of these assets, but at this point, because of the systems required implementation is being delayed. Each of the assets that are part of the infrastructure is rated. The City's policy will be to maintain all infrastructure assets at a classification of "Good" or better condition. Accordingly depreciation is not reported for infrastructure assets and all expenditures except for betterments and major improvements made to a subsystem are expensed. The infrastructure assets acquired since implementation were for Highway 33, Bennett Boulevard and Watson Drive.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED
NET POSITION CLASSIFICATIONS

Government-wide Statements

Equity is classified as net position and displayed in three components:

- a. Net Investment in Capital Assets - net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvements of those assets.
- b. Restricted Net Position – Consist of net assets with constraints placed on the use either by 1) external groups such as creditors, grantors, contributors or laws and regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted Net Position – All other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt”.

Fund Balance Classifications

In the fund financial statements, government funds report the following fund balance classifications:

- a. Nonspendable Fund Balance – consists of amounts that are not in a spendable form or are required to be maintained intact.
- b. Restricted Fund Balance – consists of amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally, or through enabling legislation. The Restricted for Debt Service and Restricted for Capital Projects balances reflect amounts that are restricted for debt service and construction or other capital outlay projects.
- c. Committed Fund Balance – consists of amounts that can be used only for the specific purposes determined by a formal action of the District’s highest level of decision-making authority (the Board of Aldermen) and do not lapse at year end. The committed fund balance consists of general board reserves.
- d. Assigned Fund Balance – consists of amounts intended for a specific purpose by the Board of Aldermen that has been delegated authority to assign amounts. This fund balance classification reflects funds assigned for capital projects.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

- e. Unassigned Fund Balance – consists of any remaining fund balance that has not been reported in any other classification.

Compensated Absences

Under the terms of the City’s personnel policy, City employees are granted vacation of varying amounts based upon length of service and may accumulate up to 160 hours that may be carryover to the following year. Sick leave is granted at the rate of one day per month. Upon resignation or dismissal, compensation for any unused sick leave may be paid at the discretion of the City Administrator at 50% of the employee’s current salary times the amount of unused sick days.

Vested or accumulation vacation and sick time is accounted for as follows:

Governmental Funds – The accumulated liabilities for employee vacation and sick leave is recorded in the governmental activities column of the government-wide financial statements. At March 31, 2017, the accumulated liability balance was \$493,229.

Proprietary Fund – The costs of vacation and sick leave are accrued in Water and Sewer Fund as earned by City employees and recorded in the proprietary fund financial statements and business-type activities column of the government-wide financial statements. At March 31, 2017, the accumulated liability balance was \$74,933.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resource (expense/expenditure) until then. Currently, the City does not have any item that qualifies for reporting in this category.

In addition to liabilities, the statement of financial position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position/fund balance that applies to a future period(s) and so will not be recognized as inflow of resources (revenue) until that time. The government has two types of items, which arise under the modified accrual basis of accounting that qualify for reporting in this

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

category. Accordingly, unavailable revenue is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes and a note receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Interfund Activity

Transfers – flows of assets (such as cash or goods) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers.

REVENUE, EXPENDITURES AND EXPENSES

Sales Tax

The City presently levies a 1.0 % sales tax on taxable sales within the City for general fund purposes. An additional sales tax is collected for transportation (1/2%) and capital improvements (1/2%). The sales tax is collected by the State of Missouri and remitted to the City in the month following receipt by the State. The sales tax received is to be recorded as sales tax revenue within the general government funds.

Property Tax

The City levies and collects property taxes as outlined in Note 8.

Program Revenues

In the Statement of Activities, revenues that are derived directly from each activity or from parties outside the City’s taxpayers are reported as program revenues. The City has the following program revenues in each activity:

General Government	Licenses and Permits
Public Safety	Fine Revenue
Streets and Public Works	Commercial vehicle and gasoline excise tax shared by the State.
Parks and Recreation	Rental income, recreation fees, concession sales and specific donations.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

Operating Revenue and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Expenditures/Expenses

In the government-wide financial statements, expenses are reported on the accrual basis and are classified by department for government funds. For business type activities, the expenses are recorded when they have been incurred and have become a direct obligation of the City.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds	Current Capital Outlay Debt Service
Proprietary Fund	Operating and Nonoperating

Use of Estimates

The preparation of financial statements in conformity with the other comprehensive basis of accounting used by the City requires management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives in determining depreciation expense); accordingly, actual results could differ from those estimates.

Cash and Cash Investments

A summary of the City's significant policies relating to cash and investments can be found in Note 1. A reconciliation of cash and investments with the Government-wide Statement of Net Position and Agency Funds is as follows:

	<u>\$6,259,109</u>

	Government-wide Statement of Net Position	<u>Agency</u>	<u>Total</u>
Cash and Investments	\$4,679,506	\$1,534,325	\$6,213,831
Restricted Cash and Investments	<u>45,278</u>	<u>-</u>	<u>45,278</u>
	<u>\$4,724,784</u>	<u>\$1,534,325</u>	<u>\$6,259,109</u>

Compensated Absences

Under the terms of the City’s personnel policy, City employees are granted vacation of varying amounts based upon length of service and may accumulate up to 160 hours that may be carried over to the following year. Sick leave is granted at the rate of one day per month. Upon resignation or dismissal, compensation for any unused sick leave may be paid at the discretion of the City Administrator at 50% of the employee’s current salary times the amount of unused sick days.

NOTE 2 – COMMITMENTS

Insurance

The City is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employee’s health and life; and natural disasters.

The City manages these various risks of loss as follows:

	<u>Method Managed</u>	<u>Risk of Loss Retained</u>
a. <u>Type of Loss</u> Torts, errors and omissions health and life	Purchased commercial insurance	None

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 2 – COMMITMENTS – CONTINUED

b. Workers Compensation Employee injuries	Purchased commercial insurance	None
c. Physical property loss and natural disasters	Purchased commercial insurance	None

Management believes such coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years.

NOTE 3 – LONG-TERM DEBT - BONDS

The City's long-term debt arising from cash transactions is segregated between the amounts to be repaid from governmental activities and the amounts to be repaid from business-type activities.

The following is a summary of bond transactions for the year ended March 31, 2017:

	<u>General Obligation Bonds</u>	<u>Revenue Bonds</u>	<u>Total</u>
Bonds Payable, March 31, 2016	\$8,895,000	\$1,245,000	\$10,140,000

2015 General Obligation Bond Refunding

During fiscal 2016 the City issued \$9,290,000 of new general obligation bonds to finance a new road and improvements to the sewer systems. The proceed of the bond issue were used in part to retire the 2005 general obligation bonds in the amount of \$4,115,000, that were scheduled to mature in 2021. The new bonds involve annual principal payments that

vary from \$450,000 beginning in fiscal 2015 to \$895,000 in the final year of maturity (fiscal 2029). The stated interest rates vary from 2% to 2.75%. The effective interest cost to the City as a result of the premium was 2.11%. The net proceeds to the City after retirement of the old bonds and the issue costs was \$5,307,084. Future payments on the bonds are as follows:

<u>Due March 1</u>	<u>Principal</u>	<u>Interest</u>
2018	\$ 520,000	\$ 194,512
2019	530,000	184,112

West Creek Sewer Interceptor

During 2004, the City entered into a lease purchase agreement with a local bank in the amount of \$1,500,000 enabling the City to acquire equipment for the West Creek sewer interceptor lines. The indebtedness is represented by Certificates of Participation. Under the lease agreement, the City is to make certain lease payments and, at the end of the lease, the City will own the sewer lines and equipment. This agreement was refinanced during 2016, at the time the 2016 Museum/Police Training Room obligations were secured. The new interest rate on the lease is 2.0% with payments under the lease as follows:

	<u>Principal</u>	<u>Interest</u>
2018	<u>\$ 143,000</u>	<u>\$ 2,900</u>
	<u>\$ 143,000</u>	<u>\$ 2,900</u>

2013 Water Meter Replacement Lease Payable Obligation

During fiscal year 2013, the City entered into a lease purchase agreement with US Bancorp in the amount of \$1,036,000 enabling the city to replace all water meters (3,248 services) with Sensus AMI fixed base read system. The financing is a 10 year, 1.89% capital equipment lease with monthly principal and interest payments. Annual principal and interest payments are as follows:

	<u>Principal</u>	<u>Interest</u>
2018	\$ 102,153	\$ 11,626
2019	104,101	9,679
2020	106,086	7,694
2021	108,108	5,672
2022	110,169	3,611
2023 – 2024	<u>131,189</u>	<u>1,553</u>
	<u>\$ 661,806</u>	<u>\$ 39,835</u>

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued

NOTE 4 – OTHER LONG-TERM DEBT: CAPITAL LEASES, CERTIFICATES OF PARTICIPATION, AND TAX ANTICIPATION NOTE - CONTINUED

2013 Clarifier COP

During fiscal year 2013, the City issued \$4,800,000 certificates of participation to:

- 1) Refund 2004 W&S Revenue Bond in the amount of \$500,000.
- 2) Refund the KC Water Agreement Contractual Debt in the amount of \$880,000.
- 3) Generate new money in the amount of \$3,420,000 to construct improvements at its sewer plant and a \$300,000 water plant generator and filter wash basin.

This capital lease agreement will run for 13 years with an average coupon note of 3.395%. Annual payments of principal and interest are as follows:

	<u>Principal</u>	<u>Interest</u>
2018	\$ 260,000	\$ 134,850
2019	340,000	126,338
2020	345,000	117,838
2021	350,000	108,819
2022	360,000	98,563
2023 – 2026	2,490,000	234,223
	<u>\$4,145,000</u>	<u>\$ 820,631</u>

Amphitheater

The City entered into a lease-purchase agreement for construction of an amphitheater in the amount of \$360,000. This agreement was refinanced during 2016, at the time the 2016 Museum/Police Training Room obligations were secured. The new interest rate on the lease is 2.0% with payments under the lease as follows:

	<u>Principal</u>	<u>Interest</u>
2018	\$ 37,000	\$ 2,291
2019	36,000	1,541
2020	40,000	813

Pavilion

During fiscal 2011, the City entered into a lease purchase of a pavilion for the amphitheater. The principal amount of the lease was \$100,000. This agreement was refinanced during 2016, at the time the 2016 Museum/Police Training Room obligations were secured. The new interest rate on the lease is 2.0% with payments under the lease as follows:

	<u>Principal</u>	<u>Interest</u>
2018	\$ 11,000	\$ 953
2019	12,000	730
2020	12,000	488
2021	<u>12,000</u>	<u>243</u>
	<u>\$ 47,000</u>	<u>\$ 2,414</u>

Lease Purchase – Sludge Processing Equipment

During fiscal 2015, the City entered into a new lease with a bank to acquire sludge equipment to be used by the sewer plant. The lease involves monthly payments of \$3,692 for ten years. The financing cost of the lease is 2.07%. The lease is a capital lease and the City will own the equipment at the end of the ten years. Future payments under the lease are as follows:

	<u>Principal</u>	<u>Interest</u>
2018	\$ 37,986	\$ 6,325
2019	38,778	5,532
2020	39,588	4,723
2021	40,414	3,897
2022	41,257	3,054
2023-2025	<u>125,417</u>	<u>3,923</u>
	<u>\$ 323,440</u>	<u>\$ 27,555</u>

NOTE 5 – PENSION PLAN

Plan Description

The City of Kearney defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The City of Kearney participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered by Benefit Terms

At June 30, 2016, the following employees were covered by the benefit terms:

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 5 – PENSION PLAN - CONTINUED

Employees covered by benefit terms

Inactive employees or beneficiaries currently receiving benefits	12
Inactive employees entitled to but not yet receiving benefits	9
Active employees	36
	57

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 7.6% General, and 9.3% Police of annual covered payroll.

Net Pension Liability

The employer’s net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 29, 2016.

Actuarial Assumptions

The total pension liability in the February 29, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

- Inflation 3.25%
- Salary Increase 3.25% to 6.55% including inflation
- Investment rate of return 7.25%

Mortality rates were based on the RP-2014 Healthy Annuitant Mortality Table set back 0 years for both males and females.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 5 – PENSION PLAN - CONTINUED

The actuarial assumptions used in the February 29, 2016 valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Equity	48.50%	5.10%
Fixed Income	25.00%	2.10%
Real Assets	20.00%	3.95%
Strategic Assets	6.50%	5.00%

Discount Rate

The discount rate used to measure the total pension liability is 6.93% General, and 7.25% Police. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

* The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the Net Pension Liability for the year ending June 30, 2016.

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$198,022
2018	198,022
2019	198,021
2020	138,570
2021	44,798
Thereafter	8,249

Payable to the Pension Plan

At March 31, 2017 the City reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended March 31, 2017.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 6 – TAX INCREMENT FINANCING COMMISSION (TIF)

During fiscal 1997, the City of Kearney set up a Tax Increment Financing Commission to operate in the City of Kearney. A special tax levy on property is funding the debt service requirements. A bond issue was sold in fiscal 2002.

The fund was created to track accounting activity concerning the TIF or Tax Increment Financing for the Platte Clay Electric corporate headquarters facility. A \$1,000,000 bond issue was sold to finance public infrastructure improvements related to the Platte Clay project in 1996. In 2001, the City approved an amendment to the TIF authorizing up to \$600,000 TIF Bonds for the development of Phase II of Innovations Business Park.

Revenues, in the form of PILOTS (or Payments In Lieu Of Taxes) paid by Platte Clay Electric Cooperative and are estimated at \$138,027 and interest earnings estimated at \$10.

The following is a summary of bond transactions in the TIF account:

Bonds Payable, March 31, 2016	\$ 30,000
Bonds Retired	<u>(30,000)</u>
Bonds Payable, March 31, 2017	<u>\$ -</u>

NOTE 7 - DEVELOPER AGREEMENTS

The City has a development agreement in which developer financed costs will be certified by the City as eligible to be reimbursed from tax increment financing revenues attributable to the Shoppes at Kearney TIF. Under tax increment financing plans, the developer may be reimbursed up to the certified cost amount from incremental taxes during a period not to exceed 23 years. Accordingly, certified project costs in excess of amounts reimbursed to date are reflected as a long-term obligation of the City. TIF revenues have been projected to produce sufficient funds to reimburse the developer for certified costs. These obligations are limited solely to the amount of incremental taxes received attributable to each respective project; any deficiencies are the sole responsibility of the developer and do not constitute an obligation of the City.

As of March 31, 2017, the amount of outstanding developer agreements was \$13,828,572, (of which a total of \$7,176,839 has been certified for reimbursement) and are payable through 2036 to the extent incremental taxes are available. For fiscal year 2017, payments on the developer agreement were \$580,928. Incremental revenues were \$213,464 from City and intergovernmental sales taxes in the funds responsible for these obligations.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 8 – COMMITMENTS AND CONTINGENCIES

Deferred Compensation Plan

City employees may defer a portion of their compensation under the City's sponsored Deferred Compensation Plan created in accordance with Internal Revenue Code Section 457. Under this plan, participants are not taxed on the deferred portion of their compensation until distributed to them.

The laws governing deferred compensation plans require plan assets to be held by a trust for the exclusive benefit of plan participants and their beneficiaries. Because the assets held under these plans are not the City's property and are not subject to Board control, they have been excluded from these financial statements.

NOTE 9 – PROPERTY TAX REVENUE AND ASSESSMENT

The City's property tax is levied each November 1 on the assessed value as of the prior January 1 for all real and personal property located in the City. Assessed values are established by the Clay County Assessor subject to review by the County's Board of Equalization.

The assessed value for property located in the City as of December 31, 2016, on which the 2016 levy was based, was \$156,763,602. In the year ended March 31, 2017, the City collected 1,492,508 of property taxes that were billed in the period.

The City is permitted by Missouri State Statutes to levy taxes up to \$1.00 per \$100 of assessed valuation for general services other than the payment of principal and interest on long-term debt, and in unlimited amounts for the payment of principal and interest on long-term debt. The City's General Fund property tax levy per \$100 assessed valuation was \$0.58 for the year ended March 31, 2017. The City's debt service tax levy per \$100 assessed valuation was \$.05 for the year ended March 31, 2017.

Property taxes are billed by the City on or before December 1 and are considered delinquent after January 1 after which the City may attach a lien to all property on which taxes are unpaid. The City records property tax as revenue at the time the taxes are received.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 10 – COMMITMENTS AND CONTINGENCIES – LAWSUITS

There are no claims for lawsuits to which the City is a part as a result of certain injuries and various other matters and complaints arising in the ordinary course of City activities. The City's management and legal counsel anticipate that any unknown potential claims, if any, against the City not covered by insurance would not have a material effect on the financial position of the City.

NOTE 11 – FEDERAL AND STATE GRANTS

In prior years the City has participated in a number of federal and state programs that were fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of March 31, 2017, certain grant expenditures have not been audited by grantor governments, but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the City.

NOTE 12 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Deposits and Investments Laws and Regulations

In accordance with state law, all uninsured deposits of municipal funds in financial institutions must be secured with acceptable collateral valued at the lower of market or par. Acceptable collateral includes certain U.S. Government or Government Agency securities, certain State of Missouri or political subdivision debt obligations, or surety bonds. As required by 12 U.S.C.A. Section 1823(e), all financial institutions pledging collateral to the City must have a written collateral agreement approved by the board of directors or loan committee. As noted all deposits were fully insured or collateralized.

The City maintains a cash and investment pool, which is available for use by all funds. Each fund's portion of this pool is displayed on the combined balance sheet as part of the checking or savings account. All of the City's deposits at year end were in commercial banks.

At year end the carrying amount of the City's deposits totaled \$5,484,898 and the bank balances totaled \$5,484,898. The City's balances were covered by FDIC insurance or pledged securities as follows:

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 12 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY-CONTINUED

Deposits covered by federal depository insurance or by collateral held by the City, or its agent, in the City’s name	<u>\$ 6,213,831</u>
Total Value of Securities Pledged	\$11,699,627
FDIC Insurance	<u>250,000</u>
Total	<u>\$11,949,627</u>
Insurance and Pledged Securities in Excess of Deposits	<u>\$ 5,735,796</u>

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. It is the City’s practice to place operating funds in either money market accounts or savings accounts. All longer-term investments are placed in certificates of deposit having relatively short maturities. These consist of funds whose use is restricted and are unlikely to be needed prior to maturity (e.g. Sewer Debt Reserve).

Credit Risk

Missouri statutes prohibit municipalities from investing in derivative, leveraged, or speculative securities. City agents invest funds for restricted debt reserves and unexpended debt proceeds in money market funds.

Custodial Credit Risk – Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may not be returned. As of March 31, 2017, the carrying amount of the City's deposits was less than pledged securities plus federal deposit insurance. It is City practice to require banks to provide collateral equal to any deposited amounts exceeding federal depository insurance limits.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 12 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY-CONTINUED

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At March 31, 2017, the City's investments were not exposed to custodial credit risk.

**NOTE 13- COOPERATIVE AGREEMENT WITH KEARNEY WESTSIDE
COMMUNITY IMPROVEMENT DISTRICT**

The City has funded certain improvements to Bennett Boulevard whereby the Kearney Westside Community District (CID) has agreed to reimburse the City for certain costs in accordance with the agreement. During 2013, the CID reimbursed the City \$300,000 with the remaining amount due in annual payments of \$74,382 over a 12 year period including interest of 4%. As of March 31, 2017, the total annual amounts due to the City through the agreement are as follows:

	<u>Payment</u>
2018	\$ 74,382
2019	74,382
2020	74,382
2021	74,382
2022	74,382
2023 - 2025	<u>223,146</u>
	595,056
Less Interest	<u>(94,242)</u>
Net Present Value	<u>\$ 500,814</u>

The total present value of the agreement is recorded on the City's fund financial statements as note receivable and deferred inflows in the Highway Construction Fund.

NOTE 15– DISCLOSURES ABOUT FAIR VALUE OF ASSETS AND LIABILITIES

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value.

- Level 1 Quoted prices in active markets for identical assets or liabilities

- Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in active markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying statement of financial position, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include highly liquid money market funds, U.S. Treasuries and exchange traded equities and mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include fixed income securities and pooled investments. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying Statement of Financial Position measured at fair value on a recurring basis and level within the ASC Topic 820 Fair Value Measurement in which the fair measurements fall at March 31, 2017.

NOTE 16 – INTER-FUND TRANSACTIONS

Inter-fund transfers for the year ended March 31, 2017, consisted of the following:

Transfer from Special Revenue Fund	<u>\$ (564,606)</u>
Transfer from General Fund	<u>\$ (273,491)</u>
Transfer to TIF Debt	<u>\$ 162,497</u>
Transfer to G.O. Bonds	<u>\$ 675,600</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 17 – PENDING GASB STATEMENTS – See www.gasb.org for further details

GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans – The requirements of this Statement will improve financial reporting primarily through enhanced note disclosures and schedules of required supplementary information that will be presented by OPEB (other postemployment benefits) plans that are administered through trusts that met the specified criteria. The new information will enhance the decision-usefulness of the financial reports of those OPEB plans, their value for assessing accountability, and their transparency by providing information about measures of net OPEB liabilities and explanations of how and why those liabilities changed from year to year. This statement is effective for financial statements for fiscal years beginning after June 15, 2016. Earlier application is encouraged.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 17 – PENDING GASB STATEMENTS – CONTINUED

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions – The requirements of this Statement will improve the decision-usefulness of information in employer and governmental nonemployer contributing entity financial reports and will enhance its value for assessing accountability and interperiod equity by requiring recognition of the entire OPEB liability and a more comprehensive measure of OPEB expense. Decision-usefulness and accountability also will be enhanced through new note disclosures and required supplementary information. This Statement is effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged.

GASB Statement No. 76, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments – The requirements in this Statement improve financial reporting by raising the category of GASB Implementation Guides in the GAAP hierarchy, thus providing the opportunity for broader public input on implementation guidance; emphasizing the importance of analogies to authoritative literature when the accounting treatment for an event is not specified in authoritative GAAP; and requiring the consideration of consistency with the GASB Concepts Statements when evaluating accounting treatments specified in nonauthoritative literature. As a result, governments will apply financial reporting guidance with less variation, which will improve the usefulness of financial statement information for making decisions and assessing accountability and enhance the comparability of financial statement information among governments. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015 and should be applied retroactively. Earlier application is permitted.

GASB Statement No. 77, Tax Abatement Disclosures – The requirements of this Statement improve financial reporting by giving users of financial statements essential information that is not consistently or comprehensively reported to the public at present. Disclosure of information about the nature and magnitude of tax abatements will make these transactions more transparent to financial statement users. As a result, users will be better equipped to understand how tax abatements affect a government's future ability to raise resources and meet its financial obligations and the impact those abatements have on a government's financial position and economic condition. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2015. Earlier application is encouraged.

Notes to the Financial Statements – Continued
March 31, 2017

NOTE 17 – PENDING GASB STATEMENTS – CONTINUED

GASB Statement No. 78, Pensions Provide through Certain Multiple-Employer Defined Benefit Pension Plans – This Statement amends the scope and applicability of Statement 68 to exclude pensions provided to employees of state or local governmental employers through a cost-sharing multiple-employer defined benefit pension plan that is not a state or local governmental pension plan, is used to provide defined benefits pensions both to employees of state or local governmental employers and to employees of employers that are not state or local governmental employers, and has no predominant state or local governmental employer. This Statement establishes requirements for recognition and measurement of pension expense, expenditures, and liabilities; note disclosures; and required supplementary information for pensions that have the characteristics described above. The requirements of this Statement are effective for reporting periods after December 15, 2015. Earlier application is encouraged.

GASB Statement No. 79, Certain External Investment Pools and Pool Participants – This Statement will enhance comparability of financial statements among governments by establishing specific criteria used to determine whether a qualifying external investment pool may elect to use an amortized cost exception to fair value measurement. Those criteria will provide qualifying external investment pools and participants in those pools with consistent application of an amortized cost-based measurement for financial reporting purposes. That measurement approximates fair value and mirrors the operations of external investment pools that transact with participants at a stable net asset value per share. The requirements of this Statement are effective for reporting periods beginning after June 15, 2015. Earlier application is encouraged.

GASB Statement No. 80, Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14 – The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. It also amends the blending requirements for the financial statement presentation of component units of all state and local governments. The additional criterion requires blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Earlier application is encouraged.

CITY OF KEARNEY, MISSOURI
Notes to the Financial Statements – Continued
March 31, 2017

NOTE 17 – PENDING GASB STATEMENTS – CONTINUED

GASB Statement No. 81, Irrevocable Split-Interest Agreements – The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2016, and should be applied retroactively. Earlier application is encouraged.

GASB Statement No. 82, Pension Issues – an amendment of GASB Statements Nov. 67, No. 68, and No. 73 – This Statement addresses issues regarding the presentation of payroll-related measures in required supplementary information, the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. Earlier application is encouraged.

NOTE 18 – SUBSEQUENT EVENTS

Government Accounting Standards provide guidance on management's assessment of subsequent events and clarifies that management must evaluate, as of each reporting period, events or transactions that occur after the Statement of Net Position date through the date that the financial statements are issued, or are available to be issued. Management has evaluated events and transactions for subsequent events disclosures occurring after March 31, 2017, through September 6, 2017, the date the financial statements were available to be issued and there are no material events requiring recognition or disclosure.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information (RSI) includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Budgetary Comparison Schedule – General Fund
 - Special Revenue Funds
 - Debt Service Funds
 - Highway Construction
 - G.O. Highway Bonds

**CITY OF KEARNEY, MISSOURI
COMPARISON OF NEEDED-TO-ACTUAL
MAINTENANCE/PRESERVATION
FOR NEW INFRASTRUCTURE ASSETS
MARCH 31, 2017**

The City has elected to use the Modified Approach as defined by GASB 34 for all infrastructure assets. Under GASB 34, eligible infrastructure capital assets are not required to be depreciated under the following requirements:

The City manages the eligible infrastructure capital assets using an asset management system with characteristics of (1) an up-to-date inventory; (2) perform condition assessments and summarize the results using a measurement scale; and (3) estimate annual amounts to maintain and preserve at the established condition assessment level.

The City has not implemented the retroactive restatement of infrastructure assets owned by the City prior to March 31, 2004. The City's revenue is less than prescribed by accounting standards to be required to implement retroactive reporting of infrastructure assets. The City may at some point in the future implement the recording of the assets. All of the new infrastructure assets which have been recorded are new and a condition assessment is not necessary because the assets are new. A comparison of actual to budgeted expenditures is not necessary.

The City documents that the eligible infrastructure capital assets are being preserved approximately at or above the established and disclosed condition assessment level. It is the City's policy to maintain all infrastructure assets at or above the 70% level (100% being new construction).

CITY OF KEARNEY, MISSOURI
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY DISCUSSION
FOR THE YEAR ENDED MARCH 31, 2017

Budgetary Accounting

The City prepares its budget for the General Fund on the cash basis of accounting. This basis is consistent with the basis of accounting used in presenting the General Fund in the basic financial statements. All unexpended appropriations lapse at year end.

Through the budget, the Board of Aldermen sets the direction of the City, allocates its resources and establishes its priorities. The Annual Budget assures the efficient and effective uses of the City's economic resources, as well as establishing that the highest priority objectives are accomplished.

The Annual Budget covers the period from April 1, to March 31, and is a vehicle that accurately and openly communicates these priorities to the community, businesses, vendors, employees and other public agencies. Additionally, it establishes the foundation of effective financial planning by providing resource planning, performance measures and controls that permit the evaluation and adjustment of the City's performance.

The City's budget is prepared and based on various expenditure categories; personnel, supplies and services, minor capital outlay and capital improvement programs. The first three listed are considered operational in nature or known as recurring costs. Capital improvement projects are asset acquisitions, facilities, systems, and infrastructure improvements typically over \$1,000 and/or those items 'outside' of the normal operational budget. These are known as one-time costs.

The City collects and records revenue and expenditures within the Governmental Activities. The Governmental Funds include the General Fund and Capital Projects. All funding sources are kept separate for both reporting and use of the money. The General Fund is where most City services are funded that are not required to be segregated.

The budget process begins as a team effort in January of each year. Then the individual departments use projected revenue assumptions to prioritize and recommend the next fiscal year's objectives. The City Administrator's Office review all budget proposals and revenue assumptions, as well as all current financial obligations before preparing the document that is proposed to the Board of Aldermen. The Board of Aldermen reviews the Proposed Budget and the final adoption of the budget is scheduled for approval in March.
